GURNEY'S

PLANTING MAGAZINE

Vol. 8

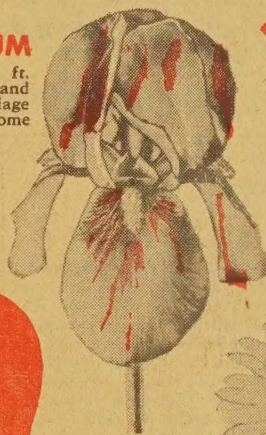

March, 1950

No. 1

1 PINK BLAZ-O-MUM

Makes bush 3 ft. across and 2 ft. high, with flowers so solid and thick in the fall that no foliage shows. Often 1,000 blooms on some plants first year.

1 IRIS CROWN JEWEL

It is a smoky-rose and gold with veins of rich purple on a crimson-rose ground. Well named. You will like this one.

GREEN THUMB

HARDY PERENNIAL COLLECTION

- ★ 1 PINK BLAZ-O-MUM
- ★ 1 SHASTA DAISY-ALASKA
- ★ 1 DELPHINIUM-LIGHT BLUE
- ★ 1 "MAY DAY" PEONY
- ★ 1 IRIS CROWN JEWEL

Here is a group of 5 Hardy (Never Fail) Field Grown Perennials—beautiful flowers that are easy to grow. They will add beauty to your garden this year and for many years after. Separately, these 5 Perennials are worth at least \$2.00.

All 5
for only **\$1.00**
POSTPAID
No. B3282XS

1 SHASTA DAISY-ALASKA

Beautiful, full white daisies, 4 to 5 inches across on long stems. You'll have blooms all summer with these. Fine for cutting.

1 "MAY DAY" PEONY

This one blooms long before most other peonies do. Brilliant red, single flowered, with a bright golden center. This alone is worth the price of this collection.

1 DELPHINIUM-LIGHT BLUE

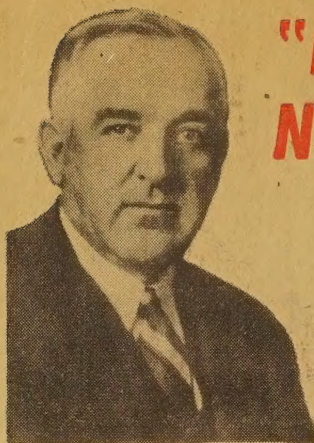

This is Belladonna, the hardy light blue larkspur. Grow most anywhere. Keep cutting for more blooms.

Free 1 Regal Lily, the great white trumpeted lily that grows so well almost everywhere.

**GURNEY'S Northern Grown Stock
Is Hardier—Will Do Better for You**

GURNEY SEED & NURSERY COMPANY, YANKTON, SO. DAKOTA

GEO. W. GURNEY, Father

"Here's Why Gurney's Seed and Nursery Stock Will Do Better for You"

We grow our own stock, and stock grown here in South Dakota needs to be extra hardy so that it can stand cold winters and hot, dry summer. If our stock doesn't have the extra vigor and hardiness to stand this severe climate, we don't have it to ship. And this hardiness goes to you no matter where you live. There is nothing so import-

ant in a plant as the ability to get started right, and keep on growing, even if climate and soil aren't just right. It costs you no more to get Gurney's extra hardy, northern grown seed and nursery stock. So why take less?

—GEO. W. GURNEY

P.S. If you send us an order, we also will put you on our mailing list to receive our BIG 48-page catalog.

THIS IS GURNEY'S 84th YEAR IN BUSINESS!

Gurney's Nursery Stock

Guarantee

We guarantee our nursery stock to be state inspected, free from disease, true to name, and first class in every way. Examine the nursery stock carefully when you receive it. If you are not pleased with it, return it promptly at our expense and we will replace or refund in full, as you prefer. After you have planted it, if it fails to grow owing to weather conditions or other factors over which we have no control, we will replace following season at half price if you notify us before October 1, 1950.

SID GURNEY, Son

LISTEN TO SID GURNEY BROADCASTING FROM WNAX

Sid Gurney, 3rd generation in our business, son of Geo. W. Gurney, grew up in this business, loves it and knows it. Listen to him Tuesday, Thursday and Saturdays at 6:45 a.m., and Saturdays at 9:45 a.m., broadcasting gardening and planting information.

6 NAMED VARIETY HYBRID TEA ROSES

Field Grown ... 2-Year No. 1 Grade
Guaranteed to Bloom This Year

1 PRESIDENT HOOVER. Probably the most popular of all multi-color roses. A combination of beautiful shades of pink and yellow.

1 MCGREDY'S YELLOW. A clear, bright yellow tea rose.

1 AMI QUINARD. A good, dependable strong red.

1 EDITOR McFARLAND. One of the best pinks.

1 EDITH NELLIE PERKINS. Outside is orange, inside salmon flushed with pure gold.

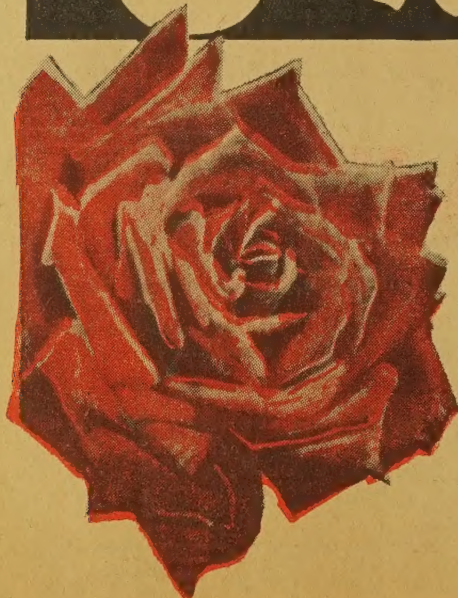

1 NIGHT. A dark black-red which attracts a great deal of attention with its striking beauty.

ALL 6 FOR ONLY

FREE: 1 BITTERSWEET VINE. A beautiful climber with large clusters of bright orange and red berries that make beautiful dried winter bouquets.

HENRYI LILY

GOLD BANDED LILY

3 Easy-to-Grow BEAUTIFUL LILIES

We want you to find out for yourself, if you don't already know, how easy it is to grow these beautiful lilies in your own garden. This is what you get:

1 GOLD BANDED LILY OF CHINA. Flowers 6 to 8 in. across, clear white with a bright golden band down the center of each petal.

1 HENRYI LILY. Scarce since the war. Has many brilliant orange-yellow blossoms. Strong grower; gets up to 9 feet tall.

1 FLAME LILY. The Red Russian lily. One of the easiest to grow. Large clusters of brilliant, reddish-orange upright blossoms.

"May Day" PEONY

We call this our "May Day" Peony because here at Yankton it invariably blooms in time for May Day, which is much earlier than the average peony. It is not a great big bomb-type peony that almost everyone else has, but a bright red, single peony with a brilliant golden-yellow center. Also good for cutting, cemetery planting. Live for years.

It Blooms

\$2.39

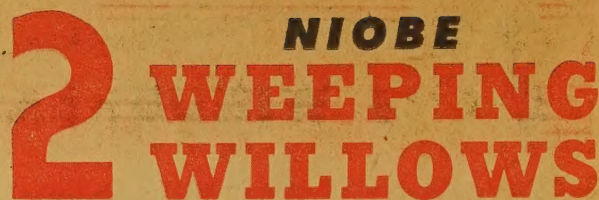

POSTPAID

No. B3107XS

- 1 GOLD.** Long-stemmed English variety. Flowers double, brilliant golden color, 2½ in. across.
- 1 CHARM SPOON.** By Lehman of Minn. Bright rhodonite red fading to rich dusty rose. Petals spoon shaped.
- 1 AUTUMN GREETINGS.** Reddish-bronze masses of flowers fairly hide the foliage.
- 1 WHITE KNIGHT.** Large, clear, very double white of fine form and substance.
- 1 ALLEGRO.** A striking new glowing shrimp-pink with coppery-salmon sheen.
- 1 COURAGEOUS.** Bright ruby-red flowers on magnificent plants. One of Dr. Kraus' hybrids.

FREE: 1 of the very finest of white chrysanthemums —POLAR ICE.

You really have no idea how beautiful chrysanthemums can be until you see these new varieties in bloom. Colors are vivid, plants are healthy and husky with loads of blossoms.

5 Beautiful, Useful BIG 6 to 8 ft. Size LOMBARDY POPLARS

This is the Poplar used so much for avenue or background planting. They form tall, stately columns of dark, shiny-green leaves. Succeed on soil too poor for other trees, and grow rapidly. Ideal for screen or windbreak because foliage grows close to ground.

3 lbs. Pure Kentucky **LAWN SEED**
BLUE GRASS

TIPS ON LAWN CARE

Don't mow lawn less than 2" high. Don't "sprinkle" your lawn. Soak it to keep roots growing down. Use fertilizer in Feb. or March, again in August. For new lawn, plow or spade 6" deep, work in humus and fertilizer. Sow 1 lb. seed for 200 sq. ft. Roll bed firm and soak. Use $\frac{1}{2}$ as much seed to repair old lawn.

This is bright, heavy-weight, New Crop seed. Hardy; harvested for us right in the heart of the Blue Grass area of Nebraska, So. Dakota and Minnesota. Free of noxious weeds.

Not a cheap mixture, but *all* pure Kentucky Blue Grass to make a bright green lawn or heavy pasture for you all season long . . . **and at These Low Prices:**

63c per 1 lb.; \$1.85 per 3 lbs.; \$2.95 per 5 lbs.; \$5.70 per 10 lbs.; \$13.25 per 25 lbs.; all prepaid. Or 100 lbs. for \$49.00 f.o.b. Yankton.

These are BIG trees priced to sell—not the little seedlings generally offered. And they are the Extra Hardy Siberian Strain, the kind that are now thriving in rich soil and poor all over the United States and 'way up into Canada. You can use these for a windbreak, or for shade trees. If you use them for hedging, cut them back after planting at least 1/2 for more bushy growth.

FREE: 5 Russian Olives

Here's Why

GURNEY APPLE TREES DO BETTER FOR YOU:

Most apple trees are grafted on common apple seedlings. But we bud (not graft) our apple trees on iron-hardy Baccata root stock. Baccata is an extra hardy Siberian crab apple with heavy, strong roots. Thus Gurney's apple trees are hardy as far north into Canada as apples can be grown, where ordinary apple trees wouldn't live, and at the same time they are extra hardy for Southern planters. And they bear 2 to 4 years sooner.

5

2 TO 3 FT. "ECONOMY SIZE" APPLE TREES

for only **\$2.59**

POSTPAID
No. A2005XS

**FREE: 1 Hansen's
Bush Cherry.**

- 1 Anoka
- 1 Wealthy
- 1 Haralson
- 1 Whitney
- 1 Yellow
Transparent

If you want to start an apple orchard at very little cost, and at the same time want the best varieties and ones that will give you apples over the entire fruiting season and away into the winter, this is the

collection for you. Ordinarily we don't sell 2 to 3 foot apple trees, but we have a lot of them on hand right now, due to the dry growing season last year, and are making a low price on them to move them.

4

5 TO 7 FOOT GIANT SIZE

APPLE TREES

1 ANOKA. Often bear first year. Extra hardy. Medium-sized apples, red striped. Good quality, rich in flavor.

1 FIRESIDE. Developed at University of Minnesota State Breeding Farm. Crisp, firm, juicy fruit, beautifully striped. Keeps all winter. Bears every year. A comer.

1 PRAIRIE SPY. A better flavored keeper. Very productive. Fruit red, high quality, hangs to tree well. Better than Winesap.

1 WHITNEY CRAB APPLE. Earlier, large, sweet, juicy. Yellow with red stripes. Best for eating, pickling.

4 **HARDY HANSEN**
PLUMS for only
\$4.98

BIG 4 to 6 FT. SIZE

EXP. NOT PPD.
No. A2173XS

Each of these 4 Gurney grown plums is a Hansen. Each will do well even in areas where the winters are severe and the summers dry.

1 SAPA. Bears immense quantities of small fruit, black outside and red flesh clear to the pit. Bears first year after planting. Fruit deliciously sweet. Ripe late July.

1 OKA. This is a Plum-Cherry Cross. Fruit resembles large, sweet cherries and is very good for eating or cooking. Ripens mid-August to early Sept. Remains a bush rather than a tree.

1 KAGA. A cross between a native wild plum and fragrant Chinese apricot. Fruit apricot flavored, fragrant, medium size. Heavy producer; bears first year after planting. Very hardy. Bears mid to late Aug.

1 OPATA. Earliest bearing of the Hansen Hybrids — mid-July. Bears one year after planting. Fruit juicy, tangy, medium size, green flesh; pleasant flavor. Tree heavy-bearing, vigorous.

FREE: 1 Hansen's Bush Cherry, 2 to 3 ft. size.

These 5 Selected Plums Will Give You Plenty For Eating and Canning . . . and Some to Sell:

1 UNDERWOOD. Tree spreading, medium size, productive. Bears even in Canada. Fruit high quality, juicy, large and red.

1 TECUMSEH. Extra hardy. Long-lived. Earliest of all. Fruit bright red with bluish bloom, flesh yellow, firm, juicy and fragrant. Best eater of all.

1 WANETA. An old favorite. Fruit is large and a gorgeous reddish-purple. Sure bearer.

1 OKA. The Plum-Cherry cross described above.

1 SAPA. Another dandy described above.

FREE . . . 1 Concord Grape Vine.

New IMPORTED CANADIAN GLENMORE

It's Hardier . . . Heavier Bearing

These are Young Plants with lots of vigor. They have Strong Roots that go deep for food and moisture. They are from the Best Strains. There is a difference in strawberry plants.

SENATOR DUNLAP. The popular, old favorite of June Bearers. Berries dark crimson with deep red flesh of good quality. Grow in all kinds of soil and extreme cold. Wonderful for canning.

NEW GEM. A heavy-yielding everbearer. Fruit is large, red, juicy, even in years of drought. Bears all summer long.

Glenmore is new to the United States but it is not untried. It already is one of the leading varieties among commercial growers in Canada, and we have tested it here at Yankton. Two years ago, when all other strawberry plants were killed almost 100% by our unusually severe winter, our Glenmore plants came through without any loss.

Glenmore is an introduction of Mr. Oakes of Manitoba, and our stock came directly from him. It probably is the best June Bearer for our northern states. The fruit is medium to large, bright red and firm, and can be left ripe on the plant for some time without spoilage. Flavor is very good. Yields double or better than present standard varieties.

No. B4114F. 25 for 2.45; 50 for 3.95; 100 for 6.95. Please do not ask us to quote in 1,000 lots as our supply is limited.

FREE: 5 Superfection, the sensational new Everbearer. We want you to try 5 at our expense.

FREE: with each order; 5 Gurney's New Robinson strawberry plants.

RED FLESHED makes 4 to 6 ft. bush. Has purplish-red fruit and flesh. Really a plum. Good eaten fresh, cooked, canned.

RUBY. A plum-cherry with fruit ruby red inside and out. Ideal for jelly, preserves.

HANSEN'S. An improved strain. Bears large clusters of black-red cherries first year after planting. Hardy everywhere.

All Gurney CHICKS

✓ U.S. Approved

✓ U.S. Pullorum Controlled

THIS MEANS Gurney's flock culling, testing and hatchery management are under direct supervision of the National Poultry Improvement Plan, sponsored by the U. S. Department of Agriculture. And all birds have been blood tested under supervision. Reactors have been removed.

And all Gurney chicks are from farm bred flocks of sturdy stock with fine blood lines. The kind that give you more eggs and meat per pound of feed.

Our prices are lower because we keep down selling costs by listing seeds and plants and baby chicks in one catalog. You save the difference.

Outside the Unshaded Area, add 10% to your order for NURSERY STOCK.

"I personally chose these Top Varieties of GARDEN SEED for you. There are a lot of different varieties of vegetables being sold, and it is hard to tell which are best. So from our long list I picked out the one best, or the two best when they were of equal value. These will give you a better garden."
